

(South Padre Island BP continued from page 19)

their beach goers. Our own Captain Arbin became a volunteer consultant and gave technical assistance as well as helping them develop a manual to get the SPI Beach Patrol started. If you visit South Padre Island in Texas, you can see the new Beach Patrol team patrolling the beaches. Even the colors of the uniforms are attractive and can easily be detected by the public. The vehicles equipped with rescue boards and pull behind ski-doo's are another great safety tool.

ANNOUNCEMENTS

Beach Patrol Family Grows.... by 7.6 Pounds

Submitted by CC Jason Konyar

On March 10th, right about the time I would be dropping of the radio at 27th street, Jay Brinton Konyar was born. He was 19 and 3/4 inches and weighed 7.6 pounds. He has already passed the pre-employment test for the summer of 2027 and looks forward to competing against his big sister in Crew Comps. With all joking aside and without getting to deep, I honestly couldn't be a prouder husband or father.

Do You Want OCBP License Plates?

If you do, you must complete the following:

- Obtain an application by asking Captain Arbin for a VR-124 form
- Complete the application form with vehicle information and owner information
- Sign the application and attach a check for \$50.00 made out to OCBPSRA
- Return to BP Headquarters
- The Captain must sign off on approval and mail to the MVA.
- Do not take to MVA it needs an authorizing signature
- Takes 4—6 week to receive the tags
